

This is to certify that **Abhishek Varpe** has successfully completed a **6-month Internship** as a **MERN Stack Developer Intern** at **StepX Technologies, Hyderabad**, from **May 2025 to October 2025**.

During this internship, Abhishek worked on various modules involving **MongoDB, Express.js, React.js, and Node.js**, and demonstrated strong skills in:

- Building RESTful APIs using Node.js & Express.js
- Creating responsive UI components using React.js
- Working with MongoDB for database design and CRUD operations
- Implementing authentication & authorization using JWT
- Handling state management using Redux
- Debugging, testing, and optimizing MERN applications
- Version control using Git & GitHub
- Deploying MERN applications on cloud platforms

Abhishek showed excellent learning ability, professionalism, punctuality, and a strong understanding of full-stack development concepts. He contributed positively to the team and completed all assigned tasks and projects responsibly.

We wish him all the very best for his future career.
